January 28, 2014

This is what a skin goddess looks like. Kneel down and pray to the master: **TRINA RENEA.**

AGING GRACEFULLY – Yup, that's the new mantra at Facial Bungalow. And the new menu proves it.

Facial Bungalow's new AGE GRACEFULLY menu:

LA's best facialist and Groomed LA's numero uno aesthetician crush, Trina Renea just came out with the most mind blowing facial to top every other facial in town.

I don't know what to say other than – THIS IS IT.
END OF STORY.

DO IT. Seriously, I can't even begin to get into all the goodies in this new menu – it's like no other.

Even dudes can get in on this deal.

She has machines – micro currents, cutting edge, things, I don't even know what they are, state of the art shit, THINGS NO ONE ELSE has. I'm telling you this is like a one thousand dollar facial. No joke.

Here's a peek. They are pricier because we are talking face lift prevention. This is seriously delicious business.
