Secluded and serene - Facial Bungalow creates atmosphere before entrance

Premiere skincare is the curating compliment of Beverly Hills. For **Trina Renea**, her developed profession as both salon specialist tied in with medical grade, clinically trained esthetician creates a double life spent in both idyllic West Hollywood and the epicenter of cosmetic surgery - a split work personality titling her "**The Skin Master**" as a premier Beverly Hills/Angelinos Medical Licensed Esthetician.

Enclosed back patio perfect for lounging while waiting for an afternoon treatment

Renea shares her time between **Rapaport Dermatology** of Beverly Hills at 436 N. Bedford Dr. – the most exclusive skin treatment *building* in all of California, and her very own medical spa located in the heart of West Hollywood, **Facial Bungalow**. **Rapaport Dermatology** is, as the name suggests; a high-end dermatology center where treatment is acquired in a beautiful, safe and sterile environment surrounded by professionals of the highest caliber run by sought after father and daughter dermatologists **Dr. J Marvin, MD** and **Dr. Vicki Rapaport, MD** combining with **Renea** for a lethal combination of practiced, licensed experts handling the precise art of acne surgery at their dermatology practice. Paparazzi quite literally post themselves across the street with cameras poised, waiting in angst for the next starlet to come fresh out of a treatment with renowned Beverly Hills doctors.

Renea completed her formal training at the **Dermal Institute and Aesthetics International**, a rigorous postgraduate school in Los Angeles, now a member of the **State Board of Cosmetology**. To date, **Renea** still works one to two days a week at **Rapaport Dermatology** while also running her consistently booked spa in an interesting choice of location. **Facial Bungalow** occupies a secluded home in the heart of West Hollywood at **7931 Santa Monica Blvd**, hidden from the bustling streets and discovered only by those lucky enough to be in the know. The discrete and much sought after spa offers an intimate get-away with a long list of tailor made, relaxing and powerful treatments; from extractions to anti-aging facials. Treatment rooms at **Facial Bungalow** are ethnically decorated in East Asian décor, creating an ambient Zen-like setting; each with its own private entrance and comfortable reception with chilled cucumber water and **Tazo** teas.

Zen atmosphere radiates through garden statues and foliage

Amongst gourmet treatments offered by **Renea** and her skilled team are **Oxygen Detox Therapy**, **Bungalow Signature Facial**, and the **Oscar Treatment**. **Renea's** spa is a source of anti-aging regimens including “**The Skin Maestro**” – a premiere medical device imported from Europe using micro-current and ultra sound treatments to expel wrinkles and revitalize damaged skin, also known as a ‘non-surgical facelift.’

Intimate lighting sets the tone for relaxing at Facial Bungalow

Par with revolutionary technology that begets the 'Maestro' is **Trina Renea Skincare**, developed over the course of nine years whilst working with some of the best chemists in the United States. Her not-so-secret passion has led **Renea** to develop a product line that combines the healing properties of organic compounds with medical conditioning of chemical substances in order to form products that are both remedial and clinically effective. Her line is a complete range of clinical quality products, inclusive of high grade cleansers, mists, moisturizers and serums.

Trina's non-invasive and highly-effective approach to beautiful, younger looking skin is testament to her years of practice and constant search for the most effective treatments utilizing the latest skin technology available - some of which are the sole in the US. Intertwining these tools with highly skilled and hand selected Estheticians who have been privately trained by **Trina, Facial Bungalow** is a coveted find made of one of the best teams in Los Angeles.

Private rooms for an exclusive treatment by Trina or her trained staff

Facial Bungalow is a must visit with **Renea's** personal card a must have for highly effective acne surgery at **Rapaport Dermatology** or tailor-made facials, peels and a long list of medical spa treatments at **Facial Bungalow**.
